APOCALYPSE WORLD HX WORKSHEET

1 · INTRODUCTION

Everyone takes turns introducing their characters. When it's your turn, tell your name, look, details you want to share, outlook. Write down the other characters' names.

2 · EXPOSURE

Go around again. Everyone's going to tell everyone else some numbers; when it's your turn, say the thing it says under HX · ON YOUR TURN in your playbook. Write the number each character tells you in Exposure.

3 · ATTENTION

When Exposure is done, you're going to tell people a few extra things. Take turns again. When it's your turn, say and do what it says under HX · ON THE OTHERS' TURNS in your playbook. Write the changes you decide on under Attention, or if it says, "ignore what they tell you," just put a dash in Attention and write the new value under Hx.

4 · HISTORY

For any Hx boxes that are still empty, Hx=Ex+Ax.

NAME	EXPOSURE	ATTENTION	HX
